

**What Brought you to Plain Community Church?**

We joined a group that had different church openings. I saw that PCC was looking for a Pastor. I found that the church was in Plain, WA and my wife and I drove to Plain to look over the facilities. Deloris and I both felt that we would be the Pastor's even though at the time we didn't mention it to the other. It was three months later that we were contacted and came for an interview. Our feelings of God's will for our lives was fulfilled when we were invited to come and Preach and Sing and meet the people. We were elected and fulfilled God's will for our lives.

**What are some of your favorite memories?**

The church growth. There were 50 people attending when we arrived at the church. We grew to over 100 and then needed to enlarge the Sanctuary.

The completion of the addition was the final blessing of our pastorate in Plain.

The people were favorite memories and still are even years later.

**During your time as pastor what do you believe was the mission and heart of PCC?**
